## Mystery Soviet Spy Couple Freed "In Interest Of U.S."

NEW YORK (AP)—The U.S. Justice department, "in the interest of national security," has abruptly ended the spy trial of a mysterious Russian couple, presumably to protect U.S. counter-spy secrets.

This dramatic development came Friday in the fifth day of the trial in U.S. district court. The jury had been chosen, and U.S. Attorney John P. Hoey was about to make his opening statement.

Instead, acting on telephoned instructions from Washington, Hoey asked that the indictments against Alexander Sokolov, 40, and his 34-year-old wife be dismissed.

Sokolov and his wife then were seized by immigration officials. They now face deportation proceedings.

## Liberals "Appeasing" Quebec Over Indian Affairs Issue

OTTAWA (CP)—The government was accused in the Commons Friday of trying to transfer its jurisdiction over Indian affairs to the provinces and thus violate the constitution to "appease" Quebec.

Erik Nielsen (PC — Yukon) said the government appears to be preparing a formula under which Quebec Resources Minister Rene Levesque would get what he has sought unsuccessfully for a year—provincial jurisdiction over Quebec's 2,300 Eskimos.

He objected to a federal proposal that the provinces extend their education and welfare

services to Indians in return for compensation payments from Ottawa.

"What the resources minister of Quebec has failed to get by the front door he is now getting by the back door."

"As a result of the pressure put on the government and of the publicity given at the time the subject was raised, he did not succeed in getting control over the education and social welfare of the Eskimo population of Quebec as he wished to do."

This is just another way of appeasing Mr. Levesque and his friends.

More than 1,000 people paid admission to the first annual Okanagan Grape Festival Friday at Kelowna and District Memorial Arena. Co-sponsored by the chamber of commerce and Rotary, the festival winds up tonight with the crowning of the first grape festival princess, Lady of the Lake Judy Orsi, officially opened the affair. Top picture, left to right, Ald. E. R. Winter, Lady-in-waiting Bonnie Angus, Miss Orsi, lady-in-waiting Gail Williams and Rotary president Bill Aynsley are seen at the moment of cutting the ribbon. (Left photo), Jean Allan, the first contestant in the grape-stomping contest at 4 p.m.

Friday gives her enthusiasm. The grape-stomping was one of the highlights of the day. Today, door prizes will be given away each hour. The beef barbecue will be staged at 5 p.m. Kelowna high school band, who could not get off school to appear Friday, will be on hand at 6:30 p.m. at 1 p.m. Ethnic dances, featuring Japanese dancers from the Kootenays will be staged just before the Bingo. The crowning by Lady of the lake will be followed by a television, a radio and a hair dryer giveaway. Games of skill and the car show will be featured all day. (Courier Photos)

## Subpoena Served On Banks By Toronto Shipping Firm

NEW YORK (CP)—A subpoena has been served on Hal Banks, former overlord of the Canadian seafarers, to appear in court in New York in connection with a \$5,000,000 action by a Toronto shipping firm against three unions.

Frank Connolly, New York lawyer for Upper Lakes Shipping Limited, said the subpoena was served on Banks about 6 p.m. Friday on a cruiser belonging to the Seafarers International Union (S.I.U.) in Brooklyn Harbor.

He said a U.S. federal marshal served the summons without trouble, entering Banks to be seen within two weeks in federal court in Manhattan.

The suit, brought as a result of later trouble on the Great Lakes during the 1962-63 shipping season, claims damages as a result of loss of business by Upper Lakes.

Connolly said Banks has been in New York for several weeks as a guest on the S.I.U. yacht generally used by President Paul Hall.

He said it was "remarkable" that the RCMP and FBI couldn't find Banks if they wanted him.

"We have no trouble finding him whenever we want him," he said. "I think the answer is that they (the RCMP and FBI) don't want him."

## Layoffs Mount To 20,000 As Sequel To Detroit Strike

DETROIT (AP)—Layoffs caused by a United Auto Workers strike against General Motors mounted to some 20,000 by day as negotiations to end the eight-day-old walkout continued at a snail's pace.

Latest GM operations forced to cut production were in Canada.

About 4,500 GM of Canada workers were sent home from plants in Oshawa, Ont. Another 400 were released by McKinnon Industries, Ltd., a GM division which makes engine and body parts in St. Catharines and Windsor, Ont.

## Dockers Bow Back To Work

NEW YORK (AP)—Dock workers, bowing to a 10-day federal restraining order, began returning to work Friday night and today after a two-day walkout from Maine to Texas.

But there was an indication the International Longshoremen's Association, representing 60,000 men, would fight the proposed imposition of an 80-day cooling-off period. A hearing has been scheduled for next Thursday.

Friday night in the port of New York, which at peak employs about 25,000 union longshoremen, only nine work gangs were requested at hiring centres. There are 20 men in a gang plus two tractor drivers and a foreman.

## Yukon Limps In With 130 Troops

NICOSIA (CP)—An RCMP Yukon aircraft carrying 130 Canadian troops limped into Nicosia on three engines today, 14 hours late after a flight from Marville, France.

A spokesman for the company said the layoffs were caused mainly by a lack of warehouse space to handle the growing backlog of parts and accessories for GM automobiles.

HALT PRODUCTION

Production of the giant automobile's new 1965 models was cut off abruptly Sept. 23 when 250,000 UAW members went on strike at plants in 16 states.

The plants was called because of a lack of agreement on non-economic issues for a national labor contract.

Although there is still no agreement on a national contract, negotiators have been concentrating all week long on resolving local plant demands, which have been whittled down from 18,400 to under 17,000.

RCMP officials would not elaborate on security measures being taken by their officers but it was obvious that many—if not all—people arriving in the island were being checked.

A tight security ring will be clamped down around the Confederation Memorial Centre here some time today. All employees at the \$5,500,000 centre have been issued identification passes. Only those with passes or official invitations will be permitted into the complex, which the Queen is to open officially Tuesday afternoon.

The Queen and Prince Philip are due to land at Summerside, 42 miles west of here, at 3:35 p.m. ADT Monday. Because of the Maritimes' tricky weather,

## PURCHASING BOARD'S CHAIRMAN ACCUSED OF THEFT IN VICTORIA

VICTORIA (CP)—Acting on orders from the B.C. attorney-general's department, RCMP arrested the chairman of the government's purchasing commission Friday and charged him under a section of the Criminal Code dealing with "frauds upon the government."

Friday afternoon the provincial cabinet, in an emergency session, ordered that the 33-year-old chairman, George E. P. Jones, be relieved of all duties "until further order."

The police also arrested an official of a Victoria car firm, alleging he gave a benefit accepted by the chairman. Both were remanded to next Tuesday on \$2,000 bail each.

Jones is alleged to have accepted a Dodge convertible at a price below cost from Pacific Chrysler Motors Limited. George Hankinson, managing director of the now-defunct firm, is accused of providing Jones with the car without the consent of the government.

## Sheriff, Deputy Indicted by Jury

WASHINGTON (AP)—The U.S. justice department announced today the arrests in Philadelphia of four men, including the Nebraska County sheriff and his deputy, on charges of violating rights of local Negro citizens.

The announcement said those arrested are sheriff Lawrence Rainey, 41, deputy sheriff Cecil Price, 26, Neal Otha Burkes, 71, a patrolman on the Philadelphia police department and former Nebraska County deputy sheriff, and Ethel Glen Barnett, 42, Nebraska County sheriff from 1960 to 1964.

More arrests are pending, the announcement said.

The four men were accused of subjecting a Mississippi Negro, Sam Henry Germany, to deprivation of rights by arrest, incarceration and detention, and "striking, beating and whipping him" without justification.

The announcement said they also forced Germany to make self-incriminating admissions and confessions with the intent of depriving him of his rights.

The Negroes were named as Clio Jack Nichols, Harvey Nichols Jr., Ernest Kirkland and Earl Tauls.

The men were arrested under an indictment handed down by a federal grand jury at Biloxi, Miss., which has been investigating the deaths of three civil rights workers whose bodies were found near Philadelphia on Aug. 4.

## Missing French Airliner Found On Peak Of Spanish Mountain

TREVELEZ, Spain (AP)—Wreckage of a French plane was found early today near the summit of a Sierra Nevada mountain peak. There were no survivors among the 80 persons aboard, the civil guard here said.

The plane is completely destroyed and its thousands of fragments scattered all over an area of some 600 metres (more than 600 yards), they reported.

"The bodies, horribly mutilated or burned, were far beyond recognition."

The civil guard said the wreckage was found around 5 a.m. high on Alcazaba Peak, 11,043 feet above sea level in southern Spain.

"Smoke was still coming from the wreckage but no sign of life could be found anywhere," the civil guard report added.

The plane hit the peak Friday while flying over the southern edge of Spain en route from Palma de Mallorca to Tangier on a Paris - to - Africa passenger flight. All aboard were reported to be French or Mauritanian. There were 73 passengers and seven crew.

Earlier, the Spanish air ministry had reported the wreckage had been found in the Mediterranean off the southern coast of Spain. But an hour later, without explanation, it issued a new statement saying the plane was spotted 8,500 feet up on a peak in the Sierra Nevada.

The plane is completely destroyed and its thousands of fragments scattered all over an area of some 600 metres (more than 600 yards), they reported.

## Shrieking Fury Detonates Against Coast Of Louisiana

NEW ORLEANS (AP)—Hurricane Hilda's shrieking winds smashed into the deserted coast today and the storm span off death-dealing tornadoes. One twister left at least 20 dead at Larose, the U.S. Coast Guard said.

A navy doctor flown to Larose by a coast guard helicopter pronounced 12 persons dead at the scene.

A coast guard spokesman said civil authorities removed an undetermined number of bodies before the helicopter arrived.

Lafourche parish coroner Dr. Philip Robichaux said 35 persons injured at Larose had been taken to Raceland "and more are on the way."

Governor John McKeithen ordered an emergency 200-bed civil defence hospital opened up at Raceland to treat the injured.

Hurricane winds battered Larose, making rescue work difficult.

Civil defence and national guardsmen rushed to the area, an emergency call for additional heavy equipment — bulldozers and cranes — was made as debris would be removed from the town of 5,000.

Other tornadoes were reported at Golden Meadow and Galliano in the same general vicinity.

Meanwhile, The Associated Press learned that 14 men rode out Hilda's punishing winds on a floating offshore drilling rig in the Gulf some 100 miles south of Morgan City Friday night.

They reported winds of 105 miles an hour at 7 p.m. and since then there was no voice radio contact with the Ocean Driller, a \$7,000,000 rig built with a drilling derrick in the centre of its V-shaped hull.

Walls, "it was a hard fought ball game and could have gone either way."

HAPPY COACH  
"This is the game that I find gives purpose to the countless hours of practice and drill, and makes a coach feel his work has produced something worthwhile," declared Coach Bob Schultz of Kelowna. "Breaking Kelowna to a 15-13 victory over Vernon's streak of 19 undefeated games will be something that this ball club will never forget."

This was Vernon's first defeat since 1961.

Cubs opened the scoring late in the first quarter when end Doug Pettman took a pass from quarterback Dick Van Nostrand and romped over from 10 yards out.

Vernon Panthers' halfback Brant French went over for both their majors. The first was early in the second half and he of 75 yards by the Panthers. Quarterback Dick Sugden made good four of his five passes (thrown for a total of 113 yards, five touchdowns) and running back Allan Southwell was damaging on ward, flanker, down 13-6. Kelowna pressed hard in the final quarter and fullback Grant Armeau plunged over from the fumbled twice and lost both, one-yard line, drawing the Cubs to within one point of Vernon, with one fumble that they recovered.

Kelowna now has two wins like this," said Vernon's Coach who has two wins with one loss.

## Police In Belfast Arrest As Old, Bitter Feud Revives

BELFAST (AP)—Police held 30 Irish nationalists today after the third straight night of rioting in Northern Ireland. Scores of persons have been injured.

The fighting flared again Friday night in a revival of an old and bitter feud after officers removed the Irish Republic's flag, which is outlawed in the six counties of Northern Ireland, part of Britain.

A roused Republicans, demanding Northern Ireland's union with the 26 counties of the republic to the south, are running candidates for 10 seats in the British House of Commons in the Oct. 15 general election.

Despite appeals for calm, the rioting took an ugly turn. Violence swept downtown Belfast, where Roman Catholic nationalist sentiment is strong.

Demonstrators, engaging in a series of running battles with hundreds of policemen, hurled Molotov cocktails at armored cars and set a drug store afire. Flying rocks and bottles filled the air, shattering shop windows.

Among the injured was a man attacked with an axe and an old woman trampled in a backstreet crush. The crowd attacked a newspaper photographer, smashing his camera.

CALGARY (CP)—Robert Neville Talbot, 56, charged with theft of \$100,000 from the Alberta division, Canadian Cancer Society, was returned to police custody Friday night to face additional charges. Police said \$25,000 bail granted Talbot earlier was cancelled and he was in jail after being charged with four counts of uttering a forged document.

## Overnight Prowlers Vanish Leaving No Trace Behind

RCMP failed to locate one or more prowlers reported at two homes on Bernard Ave. over the night.

John Grison, 1190 Bernard Ave., called police at 12:45 a.m. Saturday to report the first incident, when he heard someone in his home. Turning on a light to investigate, he saw a figure dashing out the front door. A search of the area failed to uncover anyone.

At 2:45 a.m. Charles Robertson, 1369 Bernard Ave., reported a prowler on his porch. Again a police search failed to turn up any suspect. At 9 a.m. Mrs. Robertson told police she found evidence of a fire in her shed.

Police set up a road block shortly after midnight following a report from Penitence that a hit and run driver might be heading this way. They saw no sign of the half-ton pickup truck they were alerted to stop.

During the past two weeks RCMP have received reports of gas stolen from cars and of wheels stolen from cars parked overnight at private homes. Two

more were reported overnight. (Continued on Page 4)

## John Howard Society Part Of Community Chest Team

The Kelowna and District Branch of the John Howard Society is fortunate in having several concerned and dedicated men and women of the community taking an active interest in its work.

At a meeting of the board of directors of our organization held to discuss the many problems and opportunities which confront us," he said.

"In July, 1963, our provincial government minister, the Hon. J. D. McPherson, and the attorney-general's office asked the regional branches of the John Howard Society, along with several other agencies, to set up a pilot project under the leadership of our society's regional representative, William Hesketh.

"This was done in a day-long session, last spring and now we are anxiously awaiting the implementation of that project."

**PUBLIC MEETINGS**  
"In addition to co-operating to bring about better legislation to combat crime and delinquency, we also hold public educational meetings so that the community may be made aware of the conditions and the problems affecting all of us."

"Finally some of our members are engaged in dealing with the many problems which confront us, and we are doing so under the supervision of our professional worker, Mr. Hesketh. This type of personal work brings us into contact with many needs, some of which are outside the scope of the John Howard Society."

**VERNON OFFICE**  
"The allocation which we receive from the Community Chest helps to maintain the regional office of the John Howard Society, now situated in Vernon, and assist in the travel expenses of our professional worker. This we do in co-operation with branches at Penitence, Vernon and Kamloops."

"The salary of the professional worker is paid entirely by the provincial office of the society, therefore our community is receiving the benefit of the services of the provincial body, which we cannot expect to last forever."

**NEEDS SUPPORT**  
"If our Valley branches are to continue their work and expand their services, we here must do our part to support the Kelowna branch."

"We are grateful to the area's Community Chest and its officers for their support and sincere consideration of our work," he said.

### Perilous Times Present Throughout All The Ages

that it is not an outdated book. Though it was written many, many years ago, yet it is ever new. One of the many statements of the Bible that is very much up to date is recorded in the Apostle Paul's second epistle to Timothy, chapter three, verse one, when he said: "Thus know also, that in the last days perilous times shall come."

Then he goes on to enumerate many of the evils that will characterize the last days when perilous times be experienced. It could be said that these evils have always been in existence, but the careful observer will see them much more in existence today. I would suggest that you would read this list and see for yourself.

By perilous the apostle means difficult or perilous. Many will acknowledge that we live in difficult times, but it is true that some make the times difficult for themselves, and many will regard the difficulty to be in the economic realm. Actually, with the overabundance of material things most people are not in as great difficulty here as they think.

Some times we are unaware of our greatest need because we dwell so much on a lesser need. The greatest difficulty that most people face is spiritual—their relationship to God and Jesus Christ His Son. Such a person is in peril. The Christian, too, is living in perilous times. These times are sometimes brought on by the carelessness of the Christian, but also by the great deal of sin on the outside. Matthew Henry said that sin makes times perilous. "What of the sin of greed and pride in nations today? Do these not add to the peril of our times. If, then, we will remember that individuals make up the nation, so if sin such as is mentioned in the suggested scripture is a part of the individual, it is no wonder that the na-

tions of the world are such as they are. Surely such statements as "men are lovers of pleasure more than lovers of God," and that men "have a form of godliness, but deny the power thereof" picture the world today.

To the careful Christian these conditions are no surprise, nor are they cause for fainting. We are reminded that God is able to deliver us out of perilous times, and also that the evil men of the world will grow worse and worse. So let us look up, awake out of sleep, watch for our Lord's return and "continue in the things which thou has learned and hast been assured of (1 Timothy 3:14). We are to "preach the word" (2 Timothy 4:2) "for the time will come when they will not endure sound doctrine."

The world needs the preaching of the message of salvation through faith in Christ Jesus and His finished work on the Cross of Calvary. It needs the message of the need of repentance from sin for many are "lovers of self, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unlovely, without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, traitors, heady, hounded and lovers of pleasures more than lovers of God" (2 Timothy 3:1-4). This is not a pleasant picture, but it is a true one of men who have a "form of godliness, but deny the power thereof" (3:5).

Men may not see themselves to be this bad, but all men need Christ as Lord and Savior for all have sinned and come short of the glory of God" (Romans 3:23). This is the message that is needed today, and I believe that it is the message that I should proclaim through this guest editorial column.

## Still Doubts Remain

If the Warren report is taken at its face value, the world now knows beyond any reasonable doubt that Lee Harvey Oswald was the assassin of President John F. Kennedy, and that Oswald acted alone in shooting and killing the president.

The Warren Commission was set up last November to evaluate and report on all the facts and circumstances surrounding the assassination and the subsequent killing of the alleged assassin.

After ten months of exhaustive inquiry, after thorough, objective and independent investigation of all available evidence, analyses, reports, theories and rumors, the group of eminent Americans headed by the chief justice of the United States concluded that the shots which killed President Kennedy were fired by Oswald. The commission found:

That there was no evidence that anyone assisted Oswald in planning or carrying out the assassination.

That there was no evidence that Oswald was involved with any person or group in a conspiracy to assassinate the president.

That there was no evidence that Oswald was employed, persuaded or encouraged by any foreign government to assassinate the president or that he was an agent of any foreign government.

That there was no evidence that Oswald's attempt to identify with various political groups, or the contacts he initiated in doing so, were related to his subsequent act.

That there was evidence to sup-

port the speculation that Oswald was an agent, employee or informant for the U.S. federal bureau of investigation, the central intelligence agency or any other government agency.

In investigating all the circumstances and ascertaining all the facts relating to the act of Jack Ruby in shooting Oswald, the Warren Commission found:

No direct or indirect relationship between Oswald and Ruby.

No evidence that Ruby acted with any person in the killing of Oswald.

No evidence that Ruby was part of any conspiracy, domestic or foreign, to assassinate President Kennedy or to kill Oswald.

No evidence either that Ruby and Dallas policeman J. D. Tippit, killed by Oswald, knew each other, or that Oswald and Tippit knew each other.

No evidence that Ruby and Dallas policeman J. D. Tippit, killed by Oswald, knew each other, or that Oswald and Tippit knew each other.

The painstaking thoroughness and objectivity of the investigation and the unquestionable integrity of the distinguished members of the commission combine to dispel, finally, all speculation that the facts and circumstances of the Kennedy assassination were in any respect other than as the reports states them.

It should dispel all doubts and speculation.

But will it? Thousands and thousands of persons in the United States and more thousands throughout the rest of the world will have doubts.

## Good Choice For Chicago When Crime-Buster Named

CHICAGO (AP)—Four years ago residents of Chicago watched as a citizens' committee struggled to find a man capable of cleaning up the city's scandal-ridden police department. Heading the committee was Orlando W. Wilson, dean of the School of Criminology at the University of California.

The committee screened candidates for months, and then picked the man it decided was tough enough to handle the job: Orlando W. Wilson.

After getting a "hands off" promise from Mayor Richard J. Daley, Wilson, then 39, reluctantly took over what many considered the most demanding police job in the country.

And things haven't been the same for the Chicago underworld since.

Last year, while crime soared 10 per cent across the U.S., Chicago reported a three-per-cent dropoff. It was the only major city to do so.

Since 1959, the department has won 13 national honors, in-

cluding an award from the American Society of Criminology.

Wilson took over at a time when police fortunes and morale were at low ebb. Eight policemen had been indicted for their part in a wave of burglaries on the North Side. Three more were to be indicted.

Public indignation had forced the resignation of Police Commissioner Timothy J. O'Connor, who for nine years had maintained no organized crime existed in the city.

Tough jobs were nothing new for the deceptively mild-mannered Wilson, who had directed public safety and demeritization programs in the U.S. zone in Germany after the Second World War.

His first day in office, Wilson pledged he would not tolerate political influence in the 13,000-man police force. He promised to fire any policemen engaged in illegal activities.

He immediately set up a bureau of intelligence services charged with "finding out if the

department is as clean as the driven snow or as clean as the driven snow if it isn't."

SHAKES UP STAFF  
Once roughly was established, Wilson launched into a massive shakeup of the department.

The number of police districts was slashed from 38 to 21. The detective division was consolidated into six area commands. Most importantly, the bulk of the department's manpower was thrown into the patrol division, considered by Wilson to be the city's "first line of defense against crime."

As a former patrolman, he began his career in 1921 by walking a beat in Berkeley, Calif. — Wilson particularly was critical of O'Connor's deployment of beat men.

"Every time somebody was robbed, assaulted, raped or whatever, that meant a policeman was assigned there," Wilson said in an interview.

"And he was left there forever and usually around the clock. We were guarding coal yards, private businesses, banks and what have you in much the same way."

Wilson called in the beat men and put them into patrol cars. Within two years, the number of police vehicles on the streets was doubled.

BOOSTS MORALE  
The next step was to lift police morale. Wilson saw to it that examinations for promotions were held on a regular basis, more than 1,200 promotions were made. They included 873 sergeants, 286 lieutenants and 91 captains.

Wilson also fought for pay raises that put Chicago's police scale right behind New York and Los Angeles.

Wilson also revamped communications, spending \$2,000,000 on a modern center capable of handling thousands of calls for help daily.

"We can get men to the scene of a crime at a speed that amazes the citizens and, frankly, me too," he says.

And what about that endlessly quoted expression of Wilson's that "We are not amused." The fact is that Wilson could get a smile out of practically anything. Her diaries and letters abound with the words "very amused."

Prince Albert, by the way, was not the sturdy figure of popular caricature. He was a Teutonic tramp, according to Victoria. She wrote after he just came to London that Albert "kept the breakfast table in a roar with his witty remarks."

All this is revealed in Lady Longford's 600-page Victoria R.I., the first biography written with full access to the Royal archives of the Queen who gave her name to an era of history.

LONDON (CP) — Remember all that stuff about Victoria and Albert—the Royal lovebirds living in constant wedded bliss? Well, you can forget the 100-year-old myth. Queen Victoria and her beloved consort, it turns out, were no strangers to tears, tantrums and rages.

## LOOKING BACK WITH OLD STAGER

### Big Event Then Was Fall Fair

By ART GRAY

The major portion of the locally printed pages of the Kelowna Clarion of Sept. 22, 1904 was given over to a description of the annual fall fair, held the previous Thursday and Friday.

It was a decided success, we are told, and there was a large increase in the attendance over the previous year.

The fruit exhibits of T. W. Stirling had a conspicuous place in the centre of the building, and there were fine exhibits of field and garden produce by John Casorso, Thomas Swetty, Alex. Beards and others, displaying huge pumpkins, cabbages, squash and marigold warblers. John Casorso also swept all the first prizes for wheat and other grains.

There was cigar factory in miniature, with Charles Shaylor exhibiting fine cigars of his own production. He was kept busy making cigars as fast as he could, giving them away to patrons of the fair. There was very colorful floral display, and rows of potted plants lined the exhibits.

The decoration of the building exterior had been the work of G. G. Speed, recently arrived from Vancouver, and he had done a fine job, with evergreens and bunting.

#### WRITING TEST

A new feature was a display of amateur Kodak pictures, which aroused much interest, and brought many complimentary remarks. A feature that might prove difficult to duplicate today was a display of various handwriting, by school children, evidence of the careful manner this art is being taught, the Clarion commented.

The fair did not appeal only to Kelowna folk, but there were people from Vancouver and Victoria, and from the north and south, and from the east and west.

ponies was won by Paul, with Narcisse second, obviously an Indian pony race. The mile race was won by I. Harvey, with W. Kruger second. A polo pony race saw G. Maynard come in first, with Ernie Williamson second. There was an Indian woman's race, the winner being identified as "Fatty". In the tandem race Cal Blackwood was first, and in second place, belonging his name, was Leader.

There was a lot of competition in the stock show, and the poultry show, and the list of prize winners filled almost a column of the Clarion. Here are a few top winners. Best pedigree station, Dr. B. F. Boyer; best heavy draft team, Geo. R. Binger; best general purpose team, W. C. Blackwood; best saddle horse over 14½ hands, W. C. Cameron; best Shropshire ram, A. H. Graham; best pair of ducks, W. E. Boyette; best Pecking Duck, H. V. Clague.

There was also a big lot of vegetable exhibit winners, with Swetty, Casorso or a blend as the winners in most of them. Andy Patterson took the prize for heavy horse produce, the physical build of these days and the winter cabbages, with the Kelowna Fruit and Land Co. based on the usual who-here and there other than him. Last year's record in onions they had three classes, red yellow and white, with J. Clague taking first in each, and John Casorso second. The extensive fruit display was also outstanding, with J. Clague, J. A. Taylor, J. W. Stirling, J. L. Phillips and J. E. Boyer, among up most of the prizes.

# Women's Auxiliary To C.A.R.S. Plans Future Luncheon Meetings

The regular monthly meeting of the Women's Auxiliary to C.A.R.S. will start in November, and a member was delegated to interview the stores about selling dates on the weekend and to report back to the October meeting. Tickets were distributed to the members present.

The September luncheon meeting was held on Monday at the home of Mrs. L. Jenkins at 1 p.m. and after the minutes were read and approved and the correspondence dealt with a report of the treasurer was given and the bills passed.

It was with regret that the auxiliary accepted the resignation of the secretary Mrs. M. Lenz who has held this office for a good many years. However they were pleased to learn that she will continue on as a member.

Mrs. D. Morrison was appointed to serve as acting secretary until the end of the year. The welfare report was then given and it was noted that the Provincial Occupational Therapists had visited Kelowna. Fourteen patients had been treated and one ordered. It was stressed that more drivers are needed to take the patients to the hospital for treatment, and it is hoped that offers to do this work will be made by volunteers.

The auxiliary's annual doll raffle will start in November, and a member was delegated to interview the stores about selling dates on the weekend and to report back to the October meeting. Tickets were distributed to the members present.

# ANN LANDERS

No Place For Husband At High School Dance

Dear Ann Landers: Ev is 27 and I am 24. We have been married for two years and expect our first child any minute.

Last night Ev's oldest sister Barbara (age 17) was in tears. Barbara's date broke his leg and will be unable to take her to a very important high school dance.

She asked Ev if he'd be a "life-saver" and take Barbara. Ev replied, "I'd love to."

I don't think a married man has any business at a high school dance, and I said so. Furthermore this is no time for him to leave me alone. He insists I am narrow-minded, jealous, plus a few other things.

If you tell me I am wrong I will apologize. Thank you. — P. G. WIFE

Dear Wife: Your husband belongs at a high school dance. He is a skunk belongs at a lawn party.

If he is foolish enough to go I hope the stork visits you while he is out twisting with the kids. It would serve him right.

Dear Ann Landers: I am 18 years old now and I took me six years to figure something out. I began to date when I was 12. My mother was probably afraid I didn't start early I'd be an old maid. By the time I was 14 I looked 18 and acted 22.

Several of these boys I went with tried to take me into doing things I knew were wrong. Some of them succeeded and I finally figured out why. I was so dumb I was flattered that the boys considered me desirable.

I realize now that a pass is no compliment. I was just being used. If these boys really cared about me they would have treated me with respect. I know, too, that after some of them got what they wanted they lost interest and passed the word that I was a pushover.

CONSUMED WITH INTEREST DARTMOUTH, N.S. (CP)—A mobile incinerator said to be able to consume within an hour the garbage from 100 homes has been demonstrated here. Fired by propane gas, the incinerator operates at 2,000 degrees and can handle refuse, cans and bottles. Officials of the firm manufacturing the device say it will be produced commercially soon.

POEMS PUBLISHED MOSCOW (AP)—"Glow," an unfinished poem by the late Boris Pasternak about a 1943 battlefront visit, will be published in a collection of works by 250 Soviet poets. Pasternak won a Nobel prize after writing the novel "Dr. Zhivago" but under government pressure was unable to accept it.

**O**f all the instructions a person receives in the course of a lifetime, perhaps none is as important as that conveyed by this symbol. Mysterious in its appearance, common in its recurrence and Latin in origin, it stands for the Latin word **RECIPE**. In translation it becomes, commandingly, **Take thou!** What more fitting symbol for your physician to draw at the beginning of your prescription? Here it becomes an instruction to better health. It becomes a recipe for your pharmacist to follow. And he prepares this recipe with all the skill acquired through years of training, with all the ingredients of endless research and with all the accuracy and conscience possessed by a dedicated person. Whether your pharmacist fills a prescription for you this week, next month or during the coming year . . . **Take Thou . . .** in complete confidence and to your good health.

**This message is published by Kelowna & District Pharmacists  
on the occasion of National Pharmacy Week.**

In his last years, Paul writes to Timothy, a convert turned disciple who had been a close associate of Paul's in the early days of the Christian mission in the East. Paul's letters to Timothy and Titus are the last of his letters to the churches.

Aware that some Ephesians have turned away to become self-appointed teachers of an unbalanced gospel, Paul writes Timothy to exercise his authority and restore them to the faith—1 Timothy 1:1-11.

Their teaching of a contrary doctrine is as much a sin as those teaching the Ten Commandments, and as such, the law must be enforced upon them so they may know God's true glory—1 Timothy 1:1-11.

In other letters, Paul's greetings are personal, but these are full of doctrinal truths binding them together under the Fatherhood of God—11 Timothy 1:1, 2; Titus 1:1, 4. (Sunday Text: 1 Timothy 1:1-11)

## Primate Of Anglican Church To Take Globe-Trotting Trip

TORONTO (CP)—Most Rev. Howard H. Clark, primate of the Anglican Church of Canada, will make a round-the-world tour this fall to see some of the projects being supported by the Canadian church and to take part in Anglican ceremonies in India.

The church's information office here said the primary aim of the trip is to join ceremonies at Calcutta marking the 150th anniversary of the founding of the Anglican episcopate in India.

Leaving Nov. 4, the Winnipeg archbishop will visit London, Jerusalem and West Pakistan en route to India, where he will stay in India, he will return to Canada Dec. 20 by way of Hong Kong, the Philippines and Japan.

Anglicans in Canada have supported church and relief work in these countries for many years. In addition, they have pledged a minimum of \$500,000 annually for five years to emergency projects being supported by the Anglican World Mission Fund, a worldwide partnership of the Anglican communion.

Archbishop Clark will hold talks on these subjects in London with the Archbishop of Canada and with Rev. R. S. Dean, bishop of Carleton Place in British Columbia, who assumes his post as executive officer of the \$400,000-member Anglican communion Nov. 1.

Travelling with Archbishop Clark will be Mrs. Clark, Canon W. Ebert Hobbs, director of the department of information and stewardship, and F. H. Wooding, supervisor of information. Canon A. H. Davis, general secretary of the department of missions, will join them in Pakistan.

**WILL BE INSTALLED**  
In Jerusalem, Archbishop Clark will be installed in the Episcopate of the Holy Land in the cathedral church of St. George the Martyr. The Episcopal canons represent various churches of the Anglican communion.

Besides being informed of Canadian-supported projects in the Middle East and West Pakistan, the archbishop will be brought up to date on the latest developments in negotiations now going on among Anglican, Presbyterian and Methodist churches in the Karachi and Lahore conferences of West Pakistan.

The talks could progress as early as 1967.

While in India, the Canadian primate will visit New Delhi and Calcutta as well as two dioceses—Amritsar and Bikaner—where he will receive substantial support from Canadian Anglicans.

In Hong Kong, he will confirm some 30 Chinese in Kelat (Love of Christ) Church, whose construction is being financed by the Anglican Church of Canada.

Ceremonies marking the relationship of full communion between the Philippine Independent Church and the Anglican Church of Canada are envisaged by the primate's visit to Manila.

He goes there on invitation from the church's supreme bishop following a 1962 decision of the Canadian church's general synod to enter into full communion.

## Basic Beliefs Warning Given Ecumenical Council

VATICAN CITY (AP)—The Vatican Ecumenical Council was urged this week not to allow concern for Christian unity to compromise basic Roman Catholic beliefs.

Speaking in council details on divine revelation, Archbishop Joseph Ambrogio of Verapoly (Ernakulam), India, defended non-catholic Roman Catholic beliefs based largely on tradition.

"Nothing could be more dangerous than to allow ecumenical unity considerations to endanger the faith," Archbishop Ambrogio said.

He said prelates from Italy and the council must not allow the question of revelation to be clouded by the question of unity.

The council has been divided on how to treat the matter. Conservatives insist on the position that tradition and scripture are distinct sources of God's revealed word.

Other council fathers believe the two may constitute a single source of revelation and argue that the question in any case is not authority, but for a common ground.

**PROTESTANTS CRITICAL**  
Protestants generally are critical of Catholic emphasis on tradition.

The entire theological area of scripture and tradition caused wide divisions in the council in 1962. Debate resumed Wednesday on a revised schema that leaves the question open on the basis that theologians themselves are not in agreement.

## Negro Named In 'Breakthrough'

PRINCETON, N.J. (AP)—Primate A. Taylor is an articulate 37-year-old clergyman who believes that his appointment as bishop of New Jersey's 20th Methodist congregation is a "breakthrough" for the denomination.

Bishop Taylor, a Negro, now leads the 35,000-member Methodist congregation in the state.

"The very fact that I have been appointed a bishop," he said, "indicates that the church doesn't feel that color is a badge of membership."

As a result of a realignment announced in June, 21 Negro churches will be admitted to the newly created New Jersey Jurisdiction of the Methodist Church.

Bishop Taylor was appointed to lead the denomination's more than 600 churches in New Jersey. He was the first Negro to be named a Methodist bishop in a predominantly white area.

The reception he has received from members of the church has been "overwhelmingly favorable," Bishop Taylor said. He has received requests to speak before a number of local congregations—more than 100, he said.

A native of Hennessey, Okla., Bishop Taylor was the resident bishop of Liberia for eight years before his new appointment. His career has included nine years as a pastor of churches in North Carolina and New York City.

## Topic Of Easing Marriage Rules To Be Taken Up In Rome Soon

VATICAN CITY (AP)—The Vatican Ecumenical Council will take up a topic on marriage that could result in easing the written promises on non-Catholics in mixed marriages.

The council debate on marriage will delve into complicated questions of impediments to Catholic marriages, church courts handling the dissolution of marriages, the ceremony and nature of marriage as a sacrament and the obligations of partners in mixed marriages.

Other changes are likely to speed up the long delays in dissolving marriages involving Catholics. The sacred Roman Rite, supreme tribunal of Catholicism in settling marriage cases, may be extended in scope beyond the Vatican so that lesser rules could be created in individual nations.

No matter what changes the council approves, the church is expected to stand by its view that mixed marriage should be avoided if possible, an attitude shared by many non-Catholic ministers.

Cardinal Leger said the revised schema is "excellent in reflecting the spirit of the biblical movement of today and every wise in avoiding any polemical pronouncement on a disputed question."

The council also might open the way for a mixed marriage to be blessed by non-Catholic ministers as well as by the Catholic priest who solemnizes the nuptials.

## Lay Group Popular

CHICAGO (AP)—Opus Dei, a scholarly Roman Catholic lay association devoted to making man's life better, reported today it is attracting members at a phenomenal pace.

Organized in the United States in 1949, the association now operates nearly 30 nonsectarian retreats, meeting houses and student centers across the country. Its membership, only a handful 15 years ago, now is estimated in the thousands by association officials.

"There's a lot of people who are striving to do things—to help others," Father James Pranic, a counsellor of Opus Dei, said in an interview Thursday. "We just give them a chance."

Opus Dei, or God's Work, was founded 36 years ago in Spain by Magr. Jose Maria Escriva de Balaguer, who still directs the association from its Rome headquarters.

It is officially described by the Vatican as a secular institute attempting to "spread the life of evangelic perfection among all classes of civil society, especially among the intellectuals."

Opus Dei officials said they prefer to describe the group as an "association of faithful." Lay members, most of them from nearby communities, wear civilian clothes and rarely live in the retreats or residences.

Now with an estimated 50,000 members in more than 60 countries, Opus Dei began its work in the United States with a small student boarding house at the University of Chicago.

## Aussie Minister To Visit Moscow

CANBERRA (AP)—External Affairs Minister Paul Hasluck said Friday he will visit Moscow during a two-month tour of major world capitals starting in mid-October. It will be the first visit to Moscow by an Australian external affairs minister.

## Detroit's Papers Remain Unprinted

DETROIT (AP)—The city's two major newspapers, the Detroit News and Detroit Free Press, remained closed for the 31st day Friday. No new talks were scheduled until Monday in the strike by pressmen's union Local 13 and paper and platehandler's Local 10 over terms of a new contract.

## GROWING TOGETHER

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every citizen should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"God's garden"... those were St. Paul's words to describe the early Christian fellowship. From its mighty seed of revealed truth, the Church has grown and flourished... spreading into many lands, developing in many ways, but always linked by oneness in Christ.

World-wide Communion Sunday is a day of spiritual renewal for Christians of every creed. It is a time to remember our brothers in all lands, and to pray that our differences may be transcended by the power of the Holy Spirit working among us. It is a call to greater effort, greater personal participation, so that by our example all men may be led to know Jesus as their Saviour.

The Church needs the support of every Christian on this meaningful occasion. Decide now that you and your family will be present at the Lord's Table.

# Pennant Races Far From Over

By MURRAY HASS  
Associated Press Sports Writer

There's only one thing certain about baseball's National League pennant race. It won't end today.

It may not even end Sunday. What it could do is develop into a four-way playoff. That possibility is remote, however, since a victory by first-place St. Louis Cardinals would end the race. Cardinals would then play Philadelphia Phillies and San Francisco Giants from the close.

Instead of becoming clearer, the race grew zanyer Friday night. The Cardinals lost to the cellar-dwelling New York Mets 1-0 but retained their half-game lead over Cincinnati Reds, who lost to the third-place Phillies 6-3.

The Reds and the Phillies have one game left — with each other Sunday. The Cardinals play the Mets twice, and the Giants take on the Chicago Cubs two more times. San Francisco dropped the Cubs 9-0 Friday.

**WOULD CLINCH TIE**  
A St. Louis victory today would clinch at least a tie for the Cardinals and place the pressure on Cincinnati.

The Reds apparently already were feeling the pressure after the loss to Philadelphia. A post-game argument erupted among the Cincinnati players in the dressing room, and acting manager Dick Slater had to be called to quell it.

Slater, however, testified the dispute "really minor difficulties."

"It was nothing, just forget it. In the heat of a pennant race like this, players say things before they think. It is a thing that has happened before elsewhere and will happen again. I went out and quieted the boys. We're a happy team, and I think we still can win."

St. Louis manager Johnny Keane naturally would have preferred a victory over the New York Mets, but he looked at the situation optimistically.

"We'll do it, we'll make it," Keane said. "First at all lead. Had the Reds won, it might have been critical. Now I think we'll win it."

In other games in the National League Friday night Milwaukee Braves beat Pittsburgh Pirates 5-2 in 10 innings before losing 5-4, and Houston Colt .45s beat Los Angeles Dodgers 6-1.

ACTION WAS FAST AND HARD IN KELOWNA VICTORY

# Yankees' Yogi Makes Decisive Key Moves

By DICK COUCH  
Associated Press Sports Writer

Yogi Berra is making every move the right one.

The Yankees claimed a piece of the American League pennant Friday night when Whitey Ford, saved by manager Berra for the occasion, whipped Cleveland 5-2 on a fancy four-batter.

The win assured New York of at least a tie in the pennant race with Chicago White Sox who played off contention in a doubleheader with Kansas City.

"Maybe we'll have a little party after the game tomorrow," he said as he left Yankee Stadium Friday.

They will indeed if young Al Downing holds the fort against the Indians today in the season's next-to-last game.

The White Sox, meanwhile, played alive and to seven by sweeping the Athletics 5-2 and 5-4. A Yankee victory today — or Sunday — will end it regardless of how Chicago fares in its final pair with Kansas City. The White Sox trail the Yanks by two games.

Ford beat out of the West. He pitched four games set with Detroit Tigers — fell behind 2-0 after two innings and then finished Cleveland without a hit the rest of the way, retiring the last 16 men he faced.

A previous third inning gave the 35-year-old southpaw a working margin and he breezed to his 17th season victory.

the rally with a three-run homer, his 16th.

Ford, who has lost six, was touched for single runs in the first and second but permitted only one other Indian baserunner — Joe Altobelli drew a walk in the fourth — while running his career won-lost mark to 21-94. He struck out eight and lowered his earned run average to 2.11.

Bill Skowron's bases-loaded single in the ninth inning completed the White Sox sweep after Juan Pizarro drove in two runs to tie the opener and posted his 19th victory.

Pizarro needed a four-inning relief assist from Hoyt Wilhelm in the first game after his bases-loaded single with two out in the fourth gave the Sox the lead.

Brooks Robinson drove in four runs with his 26th homer and two singles and Jerry Adair drove in three with a bases-loaded double as the Orioles topped the Tigers 5-1. But they remained 2½ games behind New York with only one game remaining.

Felix Torres drove in three runs with a pair of singles and Bob Rodgers led off the inning.

mered, but the Twins almost pulled even in the ninth with three runs off Angels ace Dean Chance, who was making an infrequent relief appearance.

## "Hatchet Man" Luzzi To Get Cold Reception

WINNIPEG (CP)—A cool reception is in prospect for Calgary Stampeder, especially tackle Don Luzzi, when they meet Winnipeg Blue Bombers Sunday in a Western Football Conference game at Winnipeg Stadium.

## Boston takes New York In NHL Ontario Exhibition

By THE CANADIAN PRESS  
Boston Bruins closed up their London, Ont., training camp Friday with a 2-1 National Hockey League exhibition victory over New York Rangers.

And in Long Beach, Calif., Toronto Maple Leafs defeated Los Angeles Blades of the Western Hockey League 5-1.

Reg Fleming and Murray Ball both scored in the first period for Boston. Vic Hadfield scored for New York in the third.

In Long Beach, Dave Keon scored twice for the Leafs.

DAVE KEON

... takes two

Other scorers were Don McKenny, George Armstrong, Ron Ellis, Gerry Ehman, Frank Mahovich and Billy Harris.

Howie Young gave the Blades a temporary 1-0 lead in the first two minutes of the game.

Boston and New York play in Syracuse, N.Y., tonight and in Boston Sunday. The Leafs meet Los Angeles in Long Beach again tonight and another WHL team, San Francisco Seals, in San Francisco Sunday.

Chicago Black Hawks play two weekend games against Quebec Aces of the American League — in Sorel, Que., tonight and Quebec City Sunday.

Montreal Canadiens play the AHL Bruins in Hershey tonight. Detroit Red Wings meet Tulsa, Okla., on the Central Professional League team's home ice Sunday.

Two NHL teams made changes in their rosters Friday. Chicago sent centre Art Strakosky and defenceman Matt Ravlich to the AHL Buffalo Bisons. Defenceman Paul Popiel went to St. Louis Braves of the CPHL.

Chicago manager Tommy Ivan said that centre Fred Stanfield will be brought up from St. Catharines Black Hawks of the Ontario Hockey Association Junior A League.

Montreal, still smarting from a 5-2 loss Thursday to Quebec Aces, sent eight players, including goalie Gump Worsley, to the minors.

## Buckaroos Plan Hockey Clinic

Kelowna Buckaroos hockey club will go through workouts at Kelowna high school gym starting Monday evening at 7 p.m. under the leadership of Jack Brown.

Exercises will continue for approximately three evenings and then the training camp will get under way at Kelowna Memorial Arena commencing at 6 p.m. and running through each evening until the league opener slated for Kelowna on Friday, October 16.

Coach Don Culley said he expects a good turnout for the training camp and states that all those who plan visiting for a spot on the club must also attend the workouts at the high school.

The Buckaroos report they have six players who have arrived from outside points and with the many expected from Kelowna and district, the training camp is expected to be one of the more competitive camps held by the local squad.

Coach Culley has pointed out that all positions on the club are open and each and every player will get a good opportunity to win a spot, but the coach warns that "everyone must give their 100 per cent. We will not tolerate any foolishness nor shall we allow those into the camp who have no intentions of taking things seriously."

Reports throughout the league give good indication the four team setup will produce the best junior hockey seen in the Valley since its inception.

With the return of the Penticton-Summerland entry and the many new faces expected in the lineup hockey fans appear to be in for a good season.

Buckaroo manager Bob Giordano said season tickets will again be sold and further details on the Buckaroo home opener and the many new faces the Buckaroos plan this season will be announced next week.
